Hi Ray and Norman –

EPA is looking for a copy of an RFD submitted by B Braun Medical for its' facility located in Allentown, PA. The one we are looking for is Request for Determination No. 7956 for the dry bed scrubber. As we continue to track facilities that use Ethylene Oxide, this is of interest to our Monitoring Group because it involves the installation of a control device. Would it be possible for you to email me a copy of the RFD?

If you have any further, questions, please let me know.

Thanks, Gwen
